Subject: Upcoming Name Change for SLIP Portal

Upcoming Portal Name Change & URL Update

We're reaching out with an important but simple update about the SLIP portal. Beginning 12/19/2025, the SLIP portal will be renamed to the **Washington Filing Portal**.

Nothing about the portal's functionality or your workflow is changing. The URL will be updated, but your login credentials will remain the same.

What to expect on 12/19/2025:

- A new portal name
- A new URL to access the portal
- The **same** filing experience and system features

Potential action needed:

Once the new link is live next week, we recommend updating any saved bookmarks or shortcuts to avoid confusion.

This small update is the first step in a larger system modernization effort we're preparing for 2026—one that will be shaped directly by our users.
